Our food is prepared daily, our top priority is your health. The majority of our meat is cooked with charcoal wood importe from brazil! that is what makes the difference in our flavor!

We are the only restaurant in this town who cooks with natural flame in this traditional way!

Esto hace la diferencia en nuestro sabor. La mayoría de nuestras carnes son cocinadas con carbón natural importado de Brazil. Nuestra comida es preparada a diario. Nuestra Prioridad es su salud.

Somos los únicos en todo el pueblo que cocinamos con leña natural.

TAKE OUT MENU

FDA Consumer advisory Message:
Thoroughly cooking foods of animal origin such as beef, eggs, fish, lamb, pork, poultry or shellfish reduces the risk of food borne illness. Individuals with certain health conditions may be at high risk if these foods are consumed raw or undercooked.
